

# WHO'S YOUR GOD?

Isaiah 40:1-31

# A PROPER VIEW OF GOD IS NEEDED

*When one has a proper view of God it weighs heavy on him. It drives him to reverence and submission. It dictates how he thinks, acts, and lives his life.*

# THE ATTRIBUTES OF GOD

- His omnipotence (vs. 12)
- His omniscience (vss. 13-14)
- His independence and self-sufficiency (vss. 15-17)
- His sovereignty (vss. 21-24)

# THE ALTERNATIVES

- Idolatry in the Old Testament (vss. 19-20)
- Idolatry in the New Testament
  - Self can be an idol.
  - Relatives, loved ones, and friends can be idols.
  - Money and material can be idols.
  - Appetites, passions, and desires can be idols.

# APPLICATION OF TRUTH

- Never think that your Great God is unaware of you and your difficult situations.
- Never think that God tires of caring for you.
- Never think that God will not remain faithful and be true to His promises.
- Never move God from His rightful place.
- Crush any idols that creep into your life.

*Those who worship faithfully the true and living God know that because of who His is they can walk through life making progress in the life of faith. They can even run, and sometimes they can fly over or through the difficulties of life.*
